Accredited Testing Laboratory, Authorized Body, Certification Body, Notified Body, Inspection Body  
Prosecká 811/78a, 190 00 Praha 9, Czech Republic

Authorized Body 204  
An ÚNMZ Decision No 29/2006 of 30 August 2006  
Branch 0600 – Brno

# PRODUCT CERTIFICATE

**No. 204/C5/2008/060-028975**

Pursuant to the provision of sec. 5 par. 2 of the Government Regulation No. 163/2002 Col., defining technical requirements for selected construction products, as amended by the Government Regulation No. 312/2005 Col., the Authorized Body hereby certifies that it has performed a research of documents submitted by the Importer, a preliminary test of the product type on a sample and an assessment of the Importer's control methods in relation to the product

## Aluminum Composite Panel

type / variant:

**ALUBOND - Class F fire rated panel**  
**ALUBOND FR - Class B fire rated panel**

Importer:

**DOSTING, spol. s r.o.**

Reg. No.	49969234
Address:	Košínova 19, 612 00 Brno
Manufacturer	AMERICAN BUILDING TECHNOLOGIES, INC.,
Address:	600 17th Street Suite 2800, S. Denver, U.S.A.
Contract:	Z060050278

and has found that:

- the above product meets the requirements related to the basic requirements of the above Government Regulation defined by the Constructional Technical Certificate:  
Constructional Technical Certificate No. 060-022753 of 30 September 2005
- the Importer's product control method complies with the appropriate technical documents and ensures that the products launched to the market meet the technical documentation pursuant to sec 4 par. 3 of the above Government Regulation.

A Certification Result Report No. 06028974 of 5 November 2008 including the conclusions of the search, verification and test results set by the above Constructional Technical Certificate and possibly a drawing of the certified product necessary for its identification, forms an inseparable part hereof.

This Certificate remains valid until the requirements defined in the Constructional Technical Certificate referred to, or the manufacturing conditions at the manufacturing site or the product control method has changed substantially.

The Authorized Body performs supervision over the Importer's product control, takes product samples, performs tests of the products and evaluates whether the product qualities meet the Constructional Technical Certificate pursuant to the provision of sec. 5 par. 5 of the above Government Regulation, at least once per 12 months. The Authorized Body is entitled to cancel or modify this Certificate if it finds drawbacks.
